

Master Logger Program - Online

REGISTRATION FORM

March 29 and 30, April 7 and 8, 2022 Time: All sessions 8am - 3pm

If your company is interested in pursuing the Master Logger designation, you won't want to miss the next scheduled MLP certification course. This program, developed by the Washington Contract Loggers Association, requires completion of the four sessions listed below, plus first aid training. Attendees may complete a partial MLP program, and take the remaining sessions at a later date. Attendees may also register for one or more days to earn continuing education credits (eight per day).

There is also a designation available in the Master Logger Program, called "Onsite Supervisor." Onsite supervisor is someone within your company who has completed the DNR Forest Practices class and first aid training, and is directly supervised by someone in your company that is a current Master Logger Professional. Session will be taught via Zoom. Zoom links for each session will be emailed in advance.

To register, complete the form below. For more information, contact Jerry Bonagofsky at (800) 422-0074 or (360) 352-5033 Ext. 113 or jerryb@loggers.com.
